

PC SERIES

The PC Series is the most complete and practical of WM System's loading ramps. Suitable for most loading and weight requirements, it is extremely practical thanks to the special **HORIZONTAL SWIVEL OPENING**.

The PC Swivel is equipped with self-positioning feet and the larger versions are available with an additional "wheel kit" to make the lifting and lowering of the ramp even easier. The platform is made from shot-blasted anti-slip aluminium to give excellent grip during loading.
